- The Graded English Department requires all students to purchase physical, paper copies of the materials listed for purchase. This facilitates better reading and annotation. For ease of ordering, these texts are listed with the title, author, and accurate ISBN number for the appropriate classroom version. Ordering the edition with the same ISBN number is **strongly suggested** so that there is no confusion about pagination, reading assignments, and citations. However, if the choice is between having a different copy or having no book at all, then a different copy is acceptable.
